MEMORANDUM FOR : Chief, Audit Staff
SUBJECT : Obligational Procedures Employed in DPD-DE/P

1. In connection with your memorandum dated 3 October 1960 to the Acting Chief, Development Projects Division, concerning the recent audit of DPD obligations as of 30 June 1960, I have taken under active review the substance of the response made by DPD having to do with their current system of obligational procedures.
2. I am certain that we all recognize the problem created by the nature of experimental research and development contracts which form the bulk of the contracting load of this Division. The solution will require, in my view, careful and constructive consideration. Until such time as a mutually agreed procedure may be effected, you are advised that I am content to leave the present practices undisturbed.

E. R. SAUNDERS
Comptroller
